

Empire's HD (Heavy duty) Back Fill Blades are built to efficiently backfill and grade using your excavator. The Back Fill blade will pin on or can be used with a Quick Attach coupler for easy installation.

- **Made with Hardox 450 wear plate**
- **Extended Side Blades hold more material**
- **Optional Reversible Bolt on Edge.**

Get the most productivity and return on your investment both in equipment and manpower. Empire's Back-fill blades are made from Hardox, providing you with a durable, extended wear life.

EXCAVATOR WEIGHT CLASS	BACK FILL BLADE WIDTH	BLADE HEIGHT	OVERALL HEIGHT	APPROX. WEIGHT
36,000-48,000 #	6' 8'	30"	42"	3900# 4100#
48,001-60,000#	8'	36"	48"	5400#
60,001 - 75,000#	8' 10"	36"	48"	5600# 6500#
75,001 - 90,000#	8' 10'	41"	54"	8500# 9600#
90,001 - 125,000#	8' 10' 12'	41"	54"	8500# 9600# 10100#

Empire's Back-fill Blades are designed with extra support through our unique channel design, making them capable of handling your heavy work loads!
